Information

1. Arrangements have been made, it is my understanding, for the slug [REDACTED] which is attached to the Project AQUATONE slug [REDACTED] for the purpose of communications between Project AQUATONE Headquarters and Bases A, B, and C.

25X1A2g

2. A need has arisen for the transmission of TALENT-COMINT materials over communications channels. In order to provide for proper handling, it is recommended that you approve the use of [REDACTED] attached to [REDACTED] as an indicator for messages which embrace both TALENT and COMINT materials. At the present time, this communication slug would be needed only between [REDACTED] and Headquarters.
